Instructions for Presenters at ESORICS 2020 Workshops

Preparations

We ask all presenters to prepare **two** 'unlisted' Youtube videos:
- a short video of about 1 minute that will serve as an abstract video
- a full video recording of your presentation, no longer than 20 min

In addition, we ask you to fill the attached Consent for Videos form.

Below you will find **detailed guidance** on how to upload videos on YouTube and how to submit your video links and the Consent for Videos form to ESORICS 2020 organisers.

Please submit all required information by the deadline of 24. August 2020.
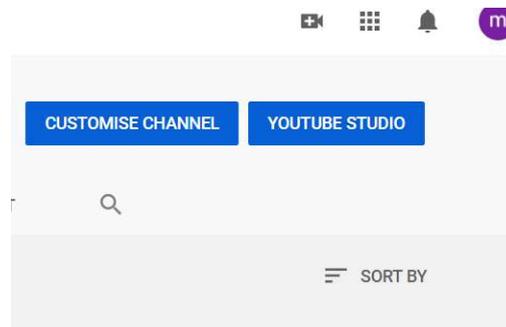

Uploading videos on YouTube (repeat this step for both videos)

In order to upload a video on YouTube you need to have an account on YouTube. If you don't have an account, please create one for free. Once you have an account you can follow the steps below.
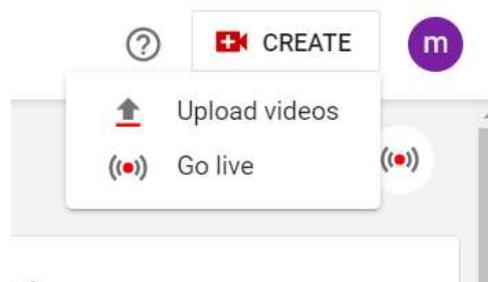

1. Log in into your YouTube account
2. Go to "**Your videos**" on the menu on the left.

3. Enter the "**YouTube Studio**" on the right side of the page.

4. Click on the **Create** button on the top right of the page and select **Upload videos**.

5. Choose and upload your video.

6. Once uploaded, please use the **Details** tab of the opened dialog to add your paper details. As a title please use <mark>**ESORICS 2020 – [Workshop Acronym] – [Title of the Paper] – [Name of the presenter]**</mark>. If it is an abstract video add **Abstract** after the paper's title. Add description for your paper, e.g. names of authors, paper title, ESORICS 2020 or name of the workshop where the paper has been accepted. Choose "Yes, it's Made for Kids" at the bottom of the dialog. Click on **Next** when finished.

7. Skip **Video elements** dialog by clicking **Next**.

8. One the **Visibility** tab of the dialog select **Unlisted** in the **Save or publish** box and click **Save**.

9. Copy and save the **Video link**. Then close the dialog. Your uploaded video should appear in the list of your videos.

How ESORICS 2020 is planning to use your videos?

We plan to make links to your 1-min abstract videos public as part of the conference programme.

Our initial plan for your recordings of full presentations is to have them as a back-up solution in case we have problems with live presentations. In this case videos will be streamed for all conference participants via Zoom Webinar. We may also make your full presentations public after the conference but this has not been decided yet.
